Different Strokes for Different Folks

EASY ACCESS ENGLISH

Today we will be visiting the **OLYMPIC SWIMMING POOL**.

You will have a variety of **CHALLENGES**.

Let's learn the different swimming strokes in English.

- Breast stroke
- Front crawl
- Butterfly Stroke
- Dog paddle
- Backstroke

Now try to mime them and guess which stroke you are doing ?

Now think of some **new strokes** you can invent !

Check out the article for some more strokes that really exist
http://en.wikipedia.org/wiki/Swimming_stroke

Safety is VERY important in the water.

With your partner brainstorm as many RULES for the swimming pool as you can think of.

Use the MODEL verbs MUST and HAVE TO and MUST NOT to write your rules – remember that these verbs are followed by the infinitive. You can use the dictionnary to look up any other verbs you need.

Be ready to explain WHY you think these rules are important.

Now watch the video and say which different rules about water safety are illustrated.
