This is the Day Camp

Activity One – Introductions.
In Pairs ask your partner the following questions and then introduce him or her to the class using the information.

Activity Two – So what are we doing exactly this week?

This week we will be playing with balls, writing songs, learning new words, writing a newsletter, producing a show, making food, eating cakes… and doing lot's of other fun things! It's going to be great!

There are RULES though –

Everyone has to sing the day camp theme tune every day!
Everyone has to be polite and respectful to each other and to the teachers.
You must never speak in French during the activities.
You must not interrupt someone who is answering a question or talking to the group.
When we go out – stay with your buddy, listen to the teacher and obey the rules. Stay with the group at all times.
Always encourage other people to talk in English, never make them feel uncomfortable when they are trying to make themselves understood. Help each other to feel confident!

Activity Three – Group projects.

Each person will be responsible for something: Let's talk about the different roles and designate someone for each role.

Newspaper
Official Press Photographer
Journalists
Editor

Music Group
Musical Director
Manager

Show
Director
Costume designer
Make up artists

The group
Group representative.

OK – So now let's get on with the theme of the day!
