Activity two - ***Read the text and then list the feelings…***

✦ **Hello how are you? - I'm fine thanks.**

This is one of the most common ways to greet someone in English. We often ask about how people are feeling. People usually say they are fine even if that's not true, because they don't have time to really talk about their feelings. However we all have feelings, when things go wrong, when things go right, when we are worried about something or when something makes us angry.

✦ **Do you know how to talk about feelings in English?**

With your partner make a list of all the different feelings you can describe... this is a competition to see who can think of the most.
