Activity 5: Types of houses

Which house do you prefer, and why?

Activity 6: reading

With your partner or teacher, read the text and answer the questions:

My name is Claire and I am going to tell you about my house. It is a lovely house in the suburbs of London. It has got 2 floors- a ground floor and a first floor.

On the ground floor there is a kitchen, the dining room and the living room.

On the first floor there is my bedroom, which I share with my sister Alice. There is also my parents' bedroom, a guest room and a bathroom.

My house has got a garage where my parents park the car, a swimming pool and a small shed where my parents keep some old stuff.

I love our garden because it's big and has lots of nice trees. I don't like sharing my bedroom with my sister, I want my own bedroom!

- Where is Claire from?

- How many floors does her house have?
- Where is the living room?
- What's on the first floor?
- Where is the car?
- What's in the shed?
- What does she like about her house? What doesn't she like?

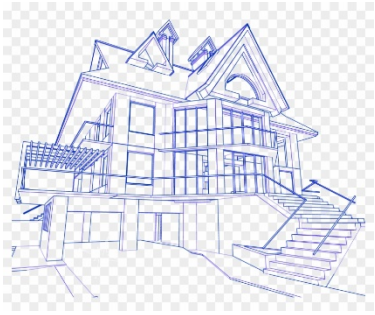

Activity 7: Writing

With your partner or teacher, write a description of your house. Remember to include:

- where it is
- what rooms you have
- something you like about your house
- something you don't like about your house

Group task: Draw your dream house and present it to the class!
